Doreen Welsh, “Miracle on the Hudson,” Speaker at 8th Annual CMHC Business Breakfast Event

(Torrington, CT) – Doreen Welsh, a retired Flight Attendant who was on board the “Miracle on the Hudson,” spoke on Thursday, May 17, 2018 to a group of local bankers, business people and elected officials at the 8th Annual Connecticut Mutual Holding Company Business Breakfast held at Chatterley’s Banquet Facility in Torrington.

Doreen Welsh entertained the audience by telling the story of what took place during the crash landing of US Airways Flight 1549 that landed in New York’s Hudson River in 2009. Welsh was a flight attendant who had been trained for 38 years to prepare for, but never expected to hear the words “Brace for Impact!” Throughout the event, Doreen had the audience’s full attention, creating many emotions including both laughter and tears, as they listened to her story.
