Mayland Celebrates 40 Years on Litchfield Bancorp Board

(Litchfield, CT) Don Mayland of Lakeville is celebrating his 40th year on the Board of Directors of Litchfield Bancorp. Chairman of the board since 1993, Mr. Mayland also served as Chairman of the Connecticut Mutual Holding Company, a partnership between Collinsville Savings Society, Litchfield Bancorp and Northwest Community Bank from its inception in 2001 until 2016.

When Mr. Mayland was asked to join the board in 1978, he was running the Mayland Chime Company in Lakeville, a family business, and was an economic teacher at the Hotchkiss School. His experience in business, combined with his knowledge of economics, was a perfect match for the board.

While he has since retired from teaching at Hotchkiss, he is President and Chief Executive Officer of Marine Study Program, Inc., a Lakeville company that provides lake management services to municipalities and private clients. He is also the President of the Salisbury Volunteer Ambulance Service and Chairman of the Salisbury Water Pollution Control Authority. He previously served 16 years on the Board of Finance and this past November, was elected as one of the Selectmen in Lakeville.

At the recent annual meeting of the Bank's advisory board, Mr. Mayland was recognized for his commitment and dedication. He was presented with an antique Seth Thomas clock, which has a special connection to him. The clock contains chimes from the Mayland Chime Company, a company his great, grandfather started. "It has been a pleasure working with Don over my 24 years with Litchfield Bancorp. His leadership and people skills are two of many traits that I have admired and emulated in my own career. The bank has been fortunate to have Don at its helm and has benefited in numerous ways during his tenure." President and CEO, Thomas Villanova stated.

Don and his wife, Diane, have two children and four grandchildren.
